Here are some important details to keep handy:

About this Event.

Connect with 100+ physicians, environmental experts, and patients for two immersive days focused on addressing the challenges and best practices of identifying and treating CIRS and other mold-related illnesses.

What you can expect:

- Ground-breaking case studies from Dr. Shoemaker.
- Cutting edge information on CIRS-driving microbes.
- Practical applications of building testing, mitigation, and remediation.
- The art and science of addressing the health of your patients and the safety of their homes.
- An in-depth exploration of the legal side of CIRS.

[Check out the agenda.](#)

Register for the Pre-Conference Workshops on Thursday, April 28th.

On Thursday, April 28, we're offering two pre-conference workshops, "Proficiency Partners" and "Small Particle Remediation" for an additional investment of \$750/workshop.
